EDUCATION

HAMDARD UNIVERSITY

- BSCS – Bachelor of Computer Science | 2017 – 2021

JINNAH GOVT. COLLEGE

- Intermediate (Pre-Engineering) | 2015 – 2017

SOFT SKILLS

- Team Collaboration
- Leadership & Mentorship
- Problem Solving
- Proactive Learning
- Time Management
- Prioritization
- Critical Thinking
- Patience & Persistence
- Attention to Detail
- Creative
- Growth Mindset

EXPERTISE

- Design-Driven Development
- Frontend Wizardry
- Seamless User Experiences
- Innovative web applications
- Modern UI Architect
- Frontend functionalities

PROFESSIONAL SUMMARY

Detail oriented and design driven Senior Frontend Developer with 4+ years of experience delivering modern, high performance web applications leveraging React.js, Next.js, and complementary technologies. Experienced in architecting and building dashboards, CMS, ERP & CRM systems, leading frontend teams, conducting performance optimization, and championing scalable, responsive, and accessible user interfaces.

WORK EXPERIENCE

Senior Software Engineer - Codesy Consulting SEP 2025 - PRESENT

- Leading end-to-end frontend development and architecture for multiple client projects using Next.js, React.js, and TypeScript.
- Overseeing project planning, sprint management, and delivery timelines while ensuring code quality, scalability, and performance.
- Collaborating cross-functionally with UI/UX, backend, and QA teams.
- Conducting code reviews, mentoring developers, and setting best practices for maintainability and clean architecture.
- Driving UI/UX consistency and introducing design system enhancements to streamline component reuse across projects.
- Spearheading performance optimization and CI/CD automation, improving deployment efficiency and frontend load times.
- Actively contributing to technical decisions, documentation, and the overall strategic direction of the frontend team.

Senior Frontend Developer | Codelabs JAN 2024 - AUG 2025

- Developed custom CRM and CMS dashboards using React, Redux Toolkit, and Tailwind CSS with dynamic role-based access.
- Led refactoring of a large-scale legacy frontend codebase, improving maintainability, modularity, and performance.
- Integrated GraphQL and REST APIs with smart caching and pagination using Redux Toolkit Query and React Query.
- Built multi-tab inventory management system with reusable components, optimized for UX and performance.
- Implemented advanced form handling using react-hook-form + Yup for dynamic validation and field rendering.
- Mentored junior devs on best practices, clean architecture, and modern React hooks.

Frontend Developer - Technyx Systems MAY 2021 - DEC 2023

- Created and maintained ERP and internal dashboards for supply chain and HR modules using React and Next.js.
- Collaborated with UI/UX designers to convert Figma designs into pixel-perfect interfaces.

LANGUAGE

- English (Fluent)
- Urdu

HOBBIES

- Gaming
- Reading
- Swimming
- Traveling

- Used advanced hooks and context/state libraries for real-time UI interactions and seamless user experience.
- Ensured cross-browser compatibility and responsiveness for all modern devices.
- Introduced performance optimizations that reduced loading time and improved Lighthouse scores significantly.

Frontend Intern - Technyx Systems

JUL 2020 - APR 2021

- Developed interactive UI components using ES6, JavaScript, and jQuery.
- Built responsive pages and admin panels using Bootstrap and vanilla CSS.
- Gained foundational experience working on multi-user CMS and admin dashboards.

PROJECTS

- **Vendor Management System**
Developed a secure, role based access system using React and Redux Toolkit.
- **Inventory Dashboard (ERP Module)**
Built a dynamic inventory management dashboard integrated with Tailwind CSS and Redux
- **CMS for Blog Management**
Designed a custom CMS using React and Firebase with workflow and moderation features.
- **AhyaOS (Enterprise Grade Carbon Management Platform)**
Created an AI powered GHG emissions management dashboard with real time data analytics, reporting, and compliance modules.
- **ConnectDevs (Client Hiring & Collaboration Platform)**
Built a Next.js & MUI based portal enabling clients to hire and manage developers efficiently with secure authentication and analytics.

CERTIFICATES

- **JavaScript & React** - Google Career Certificate
- **Advanced React Patterns & Performance** - Coursera
- **Digital Media Production** - Saylani Mass Training

TECHNICAL SKILLS

- **Languages & Frameworks:** React.js, Next.js, JavaScript (ES6+), TypeScript, Node.js, jQuery, HTML5, CSS3
- **Styling & UI:** Tailwind CSS, Material UI (MUI), Styled Components, Sass, Responsive Design
- **State & Data:** Redux, Redux Toolkit, React Query, GraphQL, REST APIs
- **Tools & Practices:** Git, GitHub, CI/CD, Webpack, Figma, Performance Optimization, Form Validation
- **Platforms & Integrations:** Firebase, Vercel, Netlify, WordPress (Headless), Strapi, ERP/CRM Modules
